Whereas... Junior Badminton is, and has been, an integral part of the NWOSSAA Badminton Championship for many years			
And whereas... We award medals for placing in other junior sports/events and this elevates the status of these results			
And whereas.. Certificates do not seem to valued by students and coaches and are awkward to produce for the host committee			
And whereas The cost to add 42 medals as opposed to the printing cost of the certificates plus postage is not significant in terms of cost			
Be it Resolved That... Medals for the top three placings in junior badminton be awarded medals at the NWOSSAA Championships retroactively to 2023.
