Whereas... Track & Field is a marquee event in the school sports calendar for many student-athletes			
And whereas... We award medals for top three placing in other sports such as wrestling, and this elevates the status of these results			
And whereas.. Ribbons do not seem to be valued by students and coaches, are awkward to produce and often go unclaimed at the track meet			
And whereas The cost to add silver and bronze medals as opposed to the production cost of ribbons does represent a significant difference in terms of cost			
Be it Resolved That... Medals for the top three placings and no awards beyond third place for Track & Field will be awarded at the NWOSSAA Championships.
